DEFINITIONS AND EXPLANATORY NOTES

1. The classification of installations or activities is indicated by Roman numerals after the designation, thus; (I). The classification of an activity may differ from that of the installation at which such activity is located. In such cases the classification is indicated after the designation of the activity. For classification and authority and responsibility of the service commanders in connection with field installations, see paragraph 6 AR 170-10. Localities such as cities or towns having Army activities or units located thereat cannot be classified under AR 170-10. However, the activities located at such localities are classified and the classification indicated after the designation.

2. Definitions a. Installation - A post, camp, station or other location at which one or more activity of the Army is located; military establishment such as hospitals, depots, arsenals, plant or works, parts, etc. at a fixed location.

b. Activity - A function or a group of associated functions performed at an installation or other location for the purpose of accomplishing a specific mission. The following are types of activities located at posts, camps, or stations: Reception Centers, Separation Centers, Schools, Laboratories, etc. The following are types of activities located at localities other than posts, camps or stations: Purchasing Agencies, Finance Offices, Bureaus, Zone Transportation Offices, Boards, District Offices, etc.

3. An asterisk (*) preceding unit designation indicates Negro enlisted personnel.

4. All errors or omissions noted in this document will be reported promptly to the Adjutant General, Headquarters Ninth Service Command, Fort Douglas, Utah.
