States: Office of the Board for the Examination of
Claims Contracted in California by Lt. Col. Fremont

REPORT
OF
THE SECRETARY OF WAR,

COMMUNICATING

The report of a board of officers of the army, appointed to examine and report upon claims for funds advanced, and subsistence and supplies furnished or taken for the use of Frémont's California battalion, while engaged in the public service.

MARCH 16, 1854.—Referred to the Committee on Military Affairs, and ordered to be printed.

WAR DEPARTMENT,
Washington, March 14, 1854.

SIR: By the 6th section of the army appropriation act, approved August 31, 1852, an appropriation was made for the pay and equipment of the volunteers serving under the command of Captain John C. Frémont in California, during the year 1846, &c., and the Secretary of War was authorized and empowered to appoint three competent and disinterested officers of the army to examine and report to Congress upon all such claims as might be presented for funds advanced, and subsistence and supplies of all kinds furnished or taken for the use of said command, whilst thus engaged in the public service.

Pursuant to this authority these officers were appointed, who made a partial report to Congress on the 29th of December, 1852, respecting claims which had been presented. Subsequently other claims were presented, and new evidence was offered in regard to claims previously considered, and those officers have now made a report, which I have the honor to transmit herewith, embracing all claims heretofore presented, as well those noticed in their partial report above referred to, as those since presented,

Very respectfully, your obedient servant,

JEFFERSON DAVIS,
Secretary of War.

Hon. D. R. ATCHISON,
President of the Senate.

OFFICE OF THE BOARD FOR THE EXAMINATION OF CLAIMS CONTRACTED
IN CALIFORNIA UNDER LIEUTENANT COLONEL FREMONT,

CORNER OF PENNSYLVANIA AV. AND 17TH STREET,
Washington, D. C., March 13, 1854.

To the Senate and House of Representatives of the United States:

The board of officers of the army, appointed by the Secretary of War, under the 6th section of the act making appropriations for the support of the army, for the year ending June 30, 1853, approved August 31, 1852, (see accompanying document marked "A,") has the honor to submit the following report of its proceedings, since the report of the board submitted to the 32d Congress under date of December 29, 1852.

Since the date of that report many additional claims have been received for examination, as well as testimony in regard to many of the claims then held suspended as well as those since received. Every claim heretofore reported on, (see report of the board to which reference is made above,) has been reconsidered, and in so far as the decision of the board in each of such cases goes, the board desires that the present report may be considered as superceding that heretofore made.

Claims against the United States, amounting to eight hundred and sixty-five thousand eight hundred and three dollars and twenty-three and a half cents, (\$865,803 23½,) have been presented for the examination of the board. Of this amount, one hundred and twenty-nine thousand eight hundred and eighty-five dollars and sixty-five and a half cents, (\$129,885 65½,) have been allowed; one hundred and fifty-two thousand nine hundred and thirty-three dollars and fifty-six cents, (\$152,933 56,) disallowed or rejected; two hundred and thirty-seven thousand nine hundred and eleven dollars and seventy-six cents, (\$237,911 76,) suspended for want of testimony or explanation; one hundred and seventy-four thousand and seventy-six dollars and ninety cents, (\$174,076 90,) ruled out as not coming within the letter of the law for examination—although a part of this sum, (\$147,896 40,) the total of claims Nos. 197 and 229, is eminently worthy of the consideration of Congress; three thousand six hundred and ninety-five dollars and thirty-six cents, (\$3,695 36,) ought to be paid at the treasury without the further action of Congress; nineteen thousand five hundred dollars, (\$19,500,) have been settled by act of Congress; and one hundred and forty-seven thousand eight hundred dollars, (\$147,800,) have been withdrawn, and the claims submitted as explanatory of the claims. (See accompanying document marked "B.")

It will be perceived that more than one-third ($\frac{1}{3}$) in amount of the claims presented, (excluding the amount of claims withdrawn,) has been suspended for want of testimony or explanation. It is deemed by the board of great importance to the interests of the United States, as well as an act of justice to the claimants, that these claims should have an early investigation by the board. That investigation can best take place in California. Indeed, it is almost impossible, it can take place in this part of the country in a manner consistent with the interests of both parties. As the board has neither the power nor the

means to enable it to make a suitable investigation in California, it is suggested that both be provided by legislation at an early period.

It will also be perceived, that while the board has, in many instances, recommended payment for all the articles proven to have been furnished or taken, it has reduced the amount to be paid for them. In coming to this conclusion the board has been governed by the prices paid by the disbursing officers of the battalion who made purchases and payments during the period embraced by these claims, and by the due bills and receipts given by them and others for similar articles received, taken, or purchased, during the same time.

The following scale of prices, adopted by the board on the 3d of January, 1854, after due examination and deliberation, appears to the board not only equitable and just, but liberal, compared with the actual transactions which occurred while the battalion was in service, viz:

"*Resolved*, That, in the opinion of the board, the prices hereinafter set forth for animals and property are equitable, and will govern the board in its recommendations to Congress, in all the claims before it where a different valuation is not satisfactorily established, viz:—"

First quality horses.....	\$30 00
Second quality horses.....	20 00
Third quality horses.....	10 00
Horses where the quality is not mentioned.....	25 00
Mares.....	10 00
Mules.....	25 00
First quality cattle.....	10 00
Second quality cattle.....	8 00
Third quality cattle.....	6 00
Cattle where the quality is not mentioned.....	8 00
Sheep.....	2 50
Cows, first quality.....	10 00
Cows, second quality.....	8 00
Cows, where the quality is not stated.....	8 00
Rifles, superior.....	50 00
Pistols, per pair.....	30 00
Pistols, superior, per pair.....	50 00
Pistols, revolvers.....	50 00
Bowie knives.....	5 00
Saddles.....	30 00
Bridles.....	6 00
Spurs.....	5 00
Saddles, bridles, and spurs.....	41 00
Corn, per fanega.....	3 00
Wheat, per fanega.....	3 00
Beans, per fanega.....	3 00
Barley, per fanega.....	3 00

Some of the claims presented are based upon *due bills* given by Major Jacob R. Snyder, quartermaster of the battalion, agreeably to "vouchers rendered." Upon application to the major for the "vouchers," he forwarded to the board, in December last, "all the papers in his

possession" relating to his duties as a disbursing officer of the battalion. Amongst the papers thus transmitted were found the "vouchers" referred to in his *due bills*; which have been withdrawn from his papers and filed with the claim; although it will be seen that the accounts are receipted, as if the amounts had been actually paid by him at the time. There are many similar accounts, also receipted, among the papers submitted by *Major Snyder*. Whether the money has been paid or *due bills* given, as in the cases above mentioned, the board is unable to determine in the absence of information from him on the subject.

By an examination at the treasury it was ascertained that several claims which had been presented to the board for examination had already been paid, and vouchers passed to the credit of the disbursing officer at the treasury. It is possible that some of these allowed by the board have also been paid; to guard against their being paid a second time, the board recommends that *all* of the claims when presented for payment be examined by the proper Auditors of the Treasury, and compared with the accounts of the battalion which have been adjusted there, before payment on them is made.

The board desires to bring to the notice of Congress, that there is a meritorious class of claims which it cannot now but *rule out* under the letter of the law, which it is highly probably was intended to be embraced when the law was framed; it is for *spoliation of property by the enemy*, arising from the occupancy of the claimant's premises by American troops. Special legislation would be necessary to embrace this class among the claims to be examined by the board; which is recommended.

For a special report on each of the claims presented to the 9th instant, see the accompanying document, (a book,) marked "*Register of California Claims, 1846,-'47;*" which contains a copy of each claim, with the evidence in the case.

In conclusion, the board desires to remark that in all cases where a claim has been recommended to the favorable consideration of Congress, the vote of the board has been unanimous.

C. F. SMITH,

Brevet Colonel 2d Artillery.

CHARLES THOMAS,

Lieutenant Colonel United States Army.

R. B. LEE, C. S.,

Major United States Army.

N. B.—Since the 9th instant, when the above was closed, claims amounting to \$3,462 $\frac{62}{100}$ have been received, but not acted on.
